

York Region

End User License Agreement

Users borrowing York Region data, geospatial or otherwise, agree to the following terms and conditions:

- The Regional Municipality of York must be acknowledged as the source of the data.
- The User will endeavour to bring to the attention of The Regional Municipality of York any errors detected in this data.
- The data will be used exclusively for educational and research purposes only. Any other use of the data will be subject to written permission of The Regional Municipality of York.
- The User will not market or release, in digital form, the data to third parties without the explicit written permission of The Regional Municipality of York.
- The data will remain the property of the Regional Municipality of York. In the event the User undergoes a change in either ownership or organization, the authorization will become null and void.
- Title to the data (including digital or paper), whether in whole or in part and other intellectual properties in such data shall remain vested in The Regional Municipality of York.
- Upon complete of work associated with the use of the data, the user will destroy all digital data, hardcopy representations, and return the original data CD to the Ryerson University Library.
